

LAKESMERE SCORES AWARDS HAT TRICK

There are more trophies for the cabinet after we took home top prizes at both the NFRC Roofing Awards and Kalzip Teamkal Awards.

UK Roofing Awards 2017

We were delighted to have won a top award at the UK Roofing Awards 2017, organised by the National Federation of Roofing Contractors (NFRC) for our work on the Optic Cloak, the striking flue tower at the heart of the new Greenwich Peninsula Low Carbon Energy Centre in London. Lakesmere faced strong competition from the other shortlisted projects in the category and not least from another of its own contracts, the new southern entrance at Leeds rail station in Yorkshire.

Teamkal Awards

Further success came with recognition of our technical expertise and successful delivery of a complex green nature roof contract at Chester's new bus station led to a double-whammy at the recent Kalzip Teamkal Awards held during the annual Teamkal Conference. Lakesmere is proud to be the first winner of the newly introduced 'Contractor's Choice of Project' award that was chosen from a shortlist of twenty projects and which was voted for via a specially designed app throughout the conference by those in attendance. As well as being chosen as the favourite project of 2017, Chester bus station was also highly commended in the 'Technical Excellence and Design' category.
